

**NEWLY DISCOVERED SECRETS OF THE UNIVERSE**  
**BEHIND THE EXISTING UNIVERSE**

**THE FORBIDDEN WISDOM**  
**(THE TILL-NOW FORBIDDEN TO BE KNOWN WISDOM)**  
**OF THE UNIVERSE BEHIND**  
**THE EXISTING UNIVERSE**

**The Source of the previous stages of the universe**  
**that were always with vigorous actions**

**The motion of the Source of the previous stages of the universe is**  
**from Omega years ago till Alpha years ago**

[Omega = 1 with 140 zeros as 141 digits. Alpha = 1 with 14 zeros as 15 digits].

**The Source is the Great Creation Power**

The Source, the Great Creation Power, was ever-existing and never-ending in the past, even prior to the Infinity.

But the Infinity got begun Omega years ago. Further that Infinity ended or its completion was Alpha years ago, where then there was the fullness of the setting of the permanent and perpetual Circular Big Vacuum Universe that should continue forever and ever even now as **the Universe Behind** the Present universe.

From Omega years ago the Abstract Triangular motion of the Great Creation Power started for the beginning of Infinity as the Triangular motion of Omnipotence, Omniscience and Omnipresence which are the three attributes

of the Great Creation Power. And this kind of the Abstract Triangular motion of the Great Creation Power was for the duration of Omega years, that is from Omega years ago till Alpha years ago.

This Abstract Triangular motion that started from Omega years ago unceasingly continued throughout all the Ages of Infinity till Alpha years ago that is till the never-ending setting of the Circular Big Vacuum Universe as **the Universe Behind** the Existing/Present universe.

But this Circular Big Vacuum Universe is with the circularly moving motion of the gravitational forces of the vacuum. Thus the Existing/Present universe is hung through the gravitational forces for such a Circular Big Vacuum Universe, while this Circular Big Vacuum Universe is serving as the runway for the Existing/Present universe to keep it alive as the always gravitationally hung universe inside the Circular Big Vacuum Universe as the living and dynamic universe through its vibrant running and motions.

**The Metaphysical universe** in a wider sense is nothing but speaking about the Circular Big Vacuum Universe that was set prior to the Existing universe as **the Behind Universe** or the Earlier universe.

## **THE PREVIOUS STAGES OF THE UNIVERSE WHICH WERE ALWAYS IN VIGOROUS ACTIONS**

7. The different Ages of Infinity, totally as **the Infinity-deep** which was always active

— **This is in the timeless time of Infinity.**

6. Further there were the different ratios of progressive darkneses, totally as **the Time-deep.**

— **This is also in the timeless time of Infinity.**

5. Further there was the unshaped Big Vacuum Universe as **the Vacuum-deep**  
— **From Beta years ago till Alpha years ago.**

[Beta = 1 with 28 zeros as 29 digits. Alpha = 1 with 14 zeros as 15 digits]

4. Further there was the Circular Big Vacuum Universe with the circularly moving motion of the gravitational forces of the vacuum there

— **From Alpha years ago till 2300 crore years ago.**

3. Further there was the Time universe in different processes of the waves of ideologies in which the never-stopped Time wave was the first wave and the first energy

— **From 2300 crore years ago till 704 crore years ago.**

2. Further there was the Space universe of different processes further to involve the Matter universe into it as its part

— **From 704 crore years ago till 360 crore years ago.**

1. Finally there was the Earliest Matter universe where dwell the root philosophy powers in it

— **From 360 crore years ago.**

## **THE THREE STAGES OF THE MATTER UNIVERSE**

### **1. THE FIRST STAGE**

The Matter universe of fiery look and luminous light everywhere in it. This was the first stage of the universe.

### **2. THE SECOND STAGE**

A considerable part of the universe was covered by the flooded waters where the Cosmic light was quenched/diminished and the darkness overspread.

### 3. THE THIRD STAGE

After the changes took place for the watery stages of the water-covered areas of the universe, there was the dried earth; there was the dried Solar system; there was the dried Zodiac; there was the dried Cloudsphere and there was the dried Midair as the areas above the firmament, above which in this third stage itself was set the Universal ocean of rainbow-coloured waters, that is surely in the areas at the top of the sky. Again, this thirdly set state is with a diagonally lying Vacuum Gulf to which the uncircuitously circuiting wandering stars wandering away from the universally set and lawful stellar circuiting system are made to reach by being pulled into and disappear into that diagonally lying Vacuum Gulf and thus to avoid such wandering stars to clash with the system of the functional stars. This Vacuum Gulf is seen afar off as **the black deeps** from different dimensions of view. Again, in this thirdly set state there is set the Universal ocean of terrible and fearfully seen dark waters that cover the underneath areas that are beyond the diagonally lying Vacuum Gulf.

**This kind of the third stage of the Matter universe is the presently astronomically evaluated universe.**

**THE ABSTRACT FACULTIES OF MAN,  
TOTALLY THE INNER MAN, ARE THE CONSTITUTED  
STATE OF THE PREVIOUS STAGES OF THE UNIVERSE.**

1. The Infinity-deep is constituted in man as the Wisdom of man in its motion deeply.
2. The Time-deep is constituted in man as the Personality of man in its abstract activities even in the six components of the Personality of man.
3. The Vacuum-deep is constituted in man as the Mind of man in its abstract activities deeply.
4. The circularly moving motion of the gravitational forces of the Vacuum universe is constituted in man as the Vacuum motion of the abstract faculties of man as the motion mainly in link with the Mind and Heart.
5. The different waves of ideologies of the Time universe are constituted in man as the ideas, ideologies, knowledge and hidden knowledge in their motion in man.
6. The different processes of the Space universe are constituted in man as the thoughts, reckonings and imaginations in motion in man.
7. The different processes of the Matter universe are constituted in man as the Man of figure being with his spoken language power, with his rationality and rational power and with his Law of intellect to keep himself (always as a man) unlike animals.
