

THE MANLOOKED COLOSSUS LIVED 38,000 YEARS AGO

**THE PART OF THE UNIVERSE AROUND US
WAS WITH THE COLOSSAL INHABITANTS
FOR ABOUT TWO LAKH YEARS**

[Our planet earth was also inhabited during that two lakh years as its part].

38,000 years ago a group of manlike Beings inhabited the part of the universe down from the Midair to the earth. Among them were **Colossal Beings** as well as **Normal Beings** and **Below-normal Beings** who were all with certain similarity to the mankind also in the culture and in the keeping of civilization. Surely the planet earth was also inhabited by such a group of the prehuman Beings with their a lot of similar activities like the activities of the human generations of the antiquity.

But the previous generations of the human Beings of the antiquity **never had been the colossals like the colossals who lived on the earth 38,000 years ago**. Unlike us the present mankind, surely the group of the prehuman Beings inhabited the present area of the oceans with their own towns and civilizations there, while the present areas of the seas and oceans were very fertile normal land with different charmings. Because in their period till 38,000 years ago there were no oceans or seas on the earth, rather the totality of the area of the planet earth including the areas of the present oceans were all inhabited with their culture and civilizations even with their cultivations there.

This group of the prehuman Beings that were till 38,000 years ago had a long history of two lakh years without their death at that time but with their long living during those two lakh years. Though they were similar to our human figure-form-life, that is, exactly erected on two feet yet they were one grade below the exact figure-form-life of the mankind. So their similarity is more close to our ladies being with the long hair yet they were not biological Beings with biological birth and biological death like us the mankind. So they were not with procreation among them; rather all of them were the same in neutral sex of being no ladies or no gents.

During the time of this group of the prehuman Beings, in support to them there was the animal world similar to the present animals and birds. While this group of the prehuman Beings had two lakh years of history, their animal world has the history of millions of years.

This group of the prehuman Beings was with the unique language power with spoken language like us the mankind. Now our unique power that is beyond the present animal world, is our language power with spoken language life. Similarly during their two lakh years of history their unique power beyond the-then animal world was their language power with spoken language life. As the rational power and our unique figure-form-life on two feet are our further unique powers, these particular prehuman Beings also were with the rational power and figure-form-life on two feet, **but that their figure-form-life was not exactly human figure-form-life but only similar to our figure-form-life.**

In the life pattern system and in the courses of life surely we the mankind are unlike those prehuman Beings, because they lived in the figure-form-life of no biological life covering on it, similar to the beast life covering on us as our biological life.

During the said two lakh years of their history there was no rain for water, but the water contents was in their land, and in the early morning time it bursted out to wet their land in addition to the mist that also wetted their land for cultivation. At that time it was not the same variety of cultivations in all the planets except the cultivation of vine in almost all the planets.

Surely they had the easy way of interplanetary journey systems from planet to planet and from one starry system to the other starry system (like the Solar system). Their bodily system without blood and water (the biological life) in the body was a help to such an interplanetary journey, while they lived continuously throughout their two lakh years' history.

NO DEATH LIKE HUMAN DEATH TO THEM

UNLIKE THE BIOLOGICAL DEATH AND VANISHING OF THE BODILY LIFE OF THE MANKIND,

THEY VANISHED 38,000 YEARS AGO THROUGH THE OVERPOWERING OF NATURAL FORCES UPON THEM

[SO THEY ARE STILL LIVING IN AN UNSEEN LEVEL UNDER THE NATURAL FORCES WHICH OVERPOWERED THEM]

[As the science is totally helpless in front of the natural forces, the prehuman Beings are totally unable under the natural forces].

While the prehuman Beings were in their bodily state for two lakh years, the external visibility of their bodily life was liable to be changed in their journey from planet to planet by receiving from each planet the atmospheric life of that planet.

So on the earth such ones are to be in the visibility of the atmospheric life of the earth. But the already vanished ones are now living only in an unseen level due to the overpowering of the natural forces upon them. So now under the oceans some of them remain in an unseen level and some of them, living in an unseen level in the moon, in the Mars, in Mercury etc. And a large group of them remains in the Underworld in the uncircuitously circuiting planets which are in the darkness and such ones can travel to the world above with the projection of their rebellious attitudes on the earth and in other planets, because they are not being with the living of the bodily life against which always they are in rebellious attitude.

While the prehuman Beings were leading their bodily life they had a global king on the earth as well as they had another king in the total areas of the Underworld and above these both kings there was a united major king from the Midair down to the Underworld. So they are all now living only in an unseen level due to their so-called death of overpowering them by the natural forces 38,000 years ago. But those kings are still the unseen kings that control the prehuman Beings who got the so-called death and thus now remain in an unseen level.

THE SCIENCE BEHIND THEIR SO-CALLED DEATH

HOW DID THE PREHUMAN BEINGS GET VANISHED SCIENTIFICALLY, 38,000 YEARS AGO?

WHAT ALL ARE THE NATURAL FORCES GONE AGAINST THE PREHUMAN BEINGS TO OVERPOWER THEM?

1. 38,000 years ago at first the Cosmic light got quenched down from the Midair and from still above. So the Cosmic power that control the Dry land universe down from the Midair is shuffled.

2. Immediately as the subsequent action the very thick darkness got spread from above the Midair down to the area of the Dry land even down to our planet earth.

3. As the consequence of the above-said both motion of the natural forces there began a Universal flood that got flooded everywhere in the Dry land area down from the Midair as well as in the particular area above the Midair.

So $\frac{4}{81}$ area of the universe down till the earth was under the flooded waters of the Universal flood. As the result of the above-said flooded waters of the Universal flood, the-then living animal world including the birds of the air completely experienced the natural death and were vanished from the total Dry land area of the universe from 38,000 years ago.

But only for the prehuman Beings they experienced a kind of the so-called death [but not a literal death like us the mankind] under the natural forces of the flooded waters of the Universal flood.

But through their so-called death the prehuman Beings got lost the chance of further living in their bodily state that could be changed from planet to planet through the covering of the atmospheric life of each planet whereas after their so-called death they could live everywhere in the Dry land area of the universe, that is, in the $\frac{2}{81}$ area of the universe. But this their living is only in an unseen level due to their being brought under the natural forces which overpowered them.

THE ASTRONOMY OF THEIR AREAS OF THE UNIVERSE IN DESTRUCTION

THE ASTRONOMICAL EVALUATION OF THE AREA OF THE UNIVERSE THAT GOT FLOODED BY THE UNIVERSAL FLOOD 38,000 YEARS AGO

1. $\frac{2}{81}$ area above the Midair being with the burning brazen brass coloured stars or the golden coloured stars even with the fine gold coloured stars at its top—this $\frac{2}{81}$ above area of the Midair was covered with the flooded waters of the Universal flood.

↓

2. The total Dry land area down from the Midair got covered with the flooded waters of the Universal flood where the main range is the Midair area being with a few circuits of stars in which each circuit of stars has uncountable innumerable stars [But it can be calculated only through the Universal Mathematics of 141 digits that is made to the easy method of calculation].

↓

3. Apart from the range of the Midair the total Cloudsphere being with 70 Chains of stars having good number of constellations of stars got covered with the flooded waters of the Universal flood 38,000 years ago.

↓

4. The present so-called Zodiac area with 40 Chains of stars was fully covered with the flooded waters of the Universal flood.

↓

5. Surely the entire our Solar system including the planet earth totally was covered with that flooded waters of the Universal flood. Thus practically our earth was become formless and null and void from 38,000 years ago.
